

Shift Manager (Day Shift)

Norbar Torque Tools Ltd., the world leading torque tool manufacturer has an opportunity for an experienced manager in our torque wrench department.

Working to stringent standards, our assembly operatives focus on producing high quality torque wrenches for our domestic and professional customers worldwide.

We will only consider applications from experienced people managers who have a number of years proven management experience, including formal people processes preferably from an engineering/technical assembly background.

Proven problem-solving ability is essential together with excellent IT skills. Working with the RCI Manager and the torque wrench team you will be expected to deliver improvements in the area and therefore previous experience of driving continuous improvement activities is a distinct advantage.

In return we can offer an attractive salary package commensurate with previous experience.

Norbar also offers a non-guaranteed profit related bonus, generous contributory pension scheme, life assurance, an award winning restaurant plus other lifestyle benefits.

Closing date for applications: Friday 10 December 2021

We reserve the right to interview and appoint before the closing date
