

Assembly Fitter

Norbar Torque Tools Ltd., the world leading torque tool manufacturer has a vacancy for an individual to join our Multiplier Assembly team.

We are looking to appoint a suitably qualified fitter to work as part of a busy team, assembling, testing and calibrating our growing range of torque multiplier tools. The assembly of precision gearboxes using a range of specialised tools is a key part of the role, along with the ability to work to tight deadlines while maintaining the required level of detail and quality.

The successful candidate will be involved with maintaining an effective and efficient working environment in line with company 6S procedures and will participate in continuous improvement initiatives.

Whilst full training for the role will be given, an NVQ Level 3 in an engineering discipline would be advantageous. Previous assembly experience gained within the engineering sector is essential.

Norbar also offers a non-guaranteed profit related bonus, a generous contributory pension scheme, life assurance and an award winning restaurant.

In return for a 38½ week, we can offer a starting hourly rate circa £15.08 depending on experience.

Closing date for applications: Friday 27 January 2023

We reserve the right to interview and appoint before the closing date
