

GDPR Co-ordinator

Norbar Torque Tools Ltd (part of the Snap-on group of companies) is looking to appoint a legally qualified individual specialising in data protection to support the Snap-on Commercial and Industrial group businesses throughout Europe.

Working with the legal team, the successful candidate will co-ordinate the company's data processing activities and establish a data protection framework across the Commercial and Industrial organisation. You will be expected to work with key people to guide the implementation of data protection processes including Data mapping. You will provide training to embed understanding of the principles of data privacy by design and to ensure appropriate management of personal data by each business unit depending on relevant country requirements. In addition, you will be the central point of contact regarding personal data compliance and will be responsible for ensuring documentation obligations are being met by the business unit. The role will involve overseas travel, primarily within Europe.

Preferably a qualified UK lawyer, independent and organised, you will have a strong knowledge of UK and EU data privacy and data protection regulations and a good understanding of major privacy frameworks and evolving worldwide legislation. Recent experience in compliance/audits in a multicultural environment would be an advantage.

In return we can offer a salary commensurate with experience together with a lease company vehicle.

Norbar also offers a non-guaranteed profit related bonus, generous contributory pension scheme, life assurance, an award-winning restaurant, plus other lifestyle benefits.

Applications in writing including a full CV should be addressed to Wanda Stewart-Lee via recruit@norbar.com

Closing date for applications: Friday 23 September 2022

We reserve the right to interview and appoint before the closing date
